

Beijing Centralized Quarantine Hotel Master List

Updated: July 20, 2020

- The information provided may change at anytime and is only for reference

- Currently ALL international flights to Beijing are diverted, except for flights from HK, Macau, and Taiwan.
- Centralized quarantine is required for all people arriving from overseas at the first port of entry. Only diplomat passport holders can continue from the diverted city directly into Beijing for quarantine.
- Please see last page for home quarantine application process
- The hotel names listed below are kept in their original names to ensure that there is no error in translation or confusion in which branch. They are copied over as originally listed.

Further Notes:

- What's in the room: towels, toilet paper, hot water kettle to boil water, one-time use toiletries (toothbrush yes, shampoo/soap not always)
- Daily temperature check: the hotel will provide you a thermometer to check your temperature twice a day at mandated times
- Toilet disinfectant tablets: these are provided for you to use once a day
- Centrally provided food + your own delivery is usually brought up at set times during a day, and not upon request as the staff there have to service a lot of quarantine guests.

Common Questions:

- Can I choose my hotel? No, the hotel is assigned to you by airport staff.
- When and How do I pay? You pay either upon check on or upon check out but all at once. You can use Wechat Pay, Ali Pay or Cash. Most don't accept foreign credit cards.
- Children under 14 to 16yo can stay in the same quarantine hotel room as an adult (ages vary by hotel)
- Couples/adults may not share quarantine hotel rooms unless otherwise noted

Further Notes:

- Language Barrier: staff generally don't speak English. Have WeChat translate or other translate tools ready at hand.
- Hotel Wechat Group: You'll be added to one to communicate with hotel staff as you are not allowed outside of your room.

**** Since all international flights to Beijing are diverted to another city in China, you may only apply for home quarantine if:**

- You are a diplomatic passport holder (No need to quarantine at first city of entry, can continue straight to Beijing for quarantine)
- You are flying directly to Beijing from Hong Kong, Macau, or Taiwan (Flights from these places are not diverted)

Who can apply for home quarantine?

- If you are older than 65yo
- If you have a dependant younger than 14yo
- If you are pregnant
- If you are handicapped
- If an elderly or child needs extra care
- If you have health conditions such as: diabetes, high blood pressure, cancer, cardiovascular diseases, cerebrovascular disease, and any other health conditions unfit for centralized quarantine (please prepare doctor's note for both your condition and medication you require)

(Other conditions that we've seen approvals for include: recent surgery and eye conditions)

Where and How to I apply?

- For most districts, you apply at the district desk at the airport, this is after you've passed immigrations and luggage claim. Some districts let you apply after you go to your centralized quarantine hotel
- You'll need to wait for your swab test results and home quarantine application results at the quarantine hotel, this process takes 2-3 days

How to get a higher chance of approval?

Getting in touch with your District Committee (居委会) before you fly back to China will give you a better chance of approval. Have as much documentation as possible proving your situation/conditions.

Your home also needs to meet the requirement, you cannot be house sharing, and only 1 family can be quarantined per residential address.
