

Shanghai Centralized Quarantine Hotel Master List

Updated: September 17, 2020

- The information provided may change at anytime and is only for reference

- Centralized quarantine is required for all people arriving from overseas
- Please see last page for home quarantine application process

Common Questions:

- Can I choose my hotel? You have to go to your designated district of residence, sometimes they let you choose the pricing of the hotel, otherwise it's generally no, you may not choose. It is assigned based on availability.
- What if I don't live in SH? The airport staff will assign a hotel randomly for you
- When and How do I pay? You pay either upon check on or upon check out but all at once. You can use Wechat Pay, Ali Pay or Cash. Most don't accept foreign credit cards.
- Children under 16yo can stay in the same quarantine hotel room as an adult

Common Questions:

- Officially Couples/adults may not share hotel rooms. You may ask at check-in but not guaranteed.

Further Notes:

- What's in the room: towels, toilet paper, hot water kettle to boil water, toiletries (toothbrush yes, shampoo/soap not always)
- Daily temperature check: the hotel will provide you a thermometer to check your temperature twice a day at mandated times
- Toilet disinfectant tablets: these are provided for you to use with instructions
- Centrally provided food + your own delivery is usually brought up at set times during a day, and not upon request as the staff there have to service a lot of quarantine guests.

District of Residence	Hotel	Room + Food rate (per day)	Delivery (Food/Online Shopping	A/C	Flooring	Fridge	Bottled Water	Notes

Home Quarantine Application Process

居家隔离申请表

本人因特殊情况,申请进行为期 14 天的居家隔离健康观察,
主要原因为:

☐ 老年人: 年满 65 周岁: **over 65**

☐ 未成年人: 14 周岁以下: **underage child <14yo**

☐ 孕产妇: 孕妇或需要陪伴幼儿的女士: **pregnant**

☐ 行动不便: **Handicapped**

☐ 有老人或小孩需要看护: **have elderly or young children that need care**

☐ 患有基础性疾病: **have illnesses** 患有糖尿病、高血压、癌症、心血管、脑血管等疾病; 或其他不适合集中隔离的疾病:

☐ 其他原因: **other**

本人承诺, 居住地址 **home address** 符合
居家隔离条件 (隔离对象一人一户或一家即一个居住地址只能
居家隔离 1 人或一家返沪成员, 或同住人承诺共同居家隔离 14
天), 并已事先征得同住人的同意 (如有同住人)。如经审核不符
合居家隔离条件, 将按规定进行为期 14 天的集中隔离观察。

申请人签名: **sign here**

2020 年 ____ 月 ____ 日

Who can apply for home quarantine?

- If you are older than 65yo
- If you have a dependant younger than 14yo
- If you are pregnant
- If you are handicapped
- If an elderly or child needs extra care
- If you have health conditions such as: diabetes, high blood pressure, cancer, cardiovascular diseases, cerebrovascular disease, and any other health conditions unfit for centralized quarantine (please prepare doctor's note for both your condition and medication you require)

(Other conditions that we've seen approvals for include: recent surgery and eye conditions)

Where and How to I apply?

- For most districts, you apply at the district desk at the airport, this is after you've passed immigrations and luggage claim. Some districts let you apply after you go to your centralized quarantine hotel
- You'll need to wait for your swab test results and home quarantine application results at the quarantine hotel, this process takes 2-3 days

How to get a higher chance of approval?

Getting in touch with the Committee in charge of your compound or Juweihui (居委会) before you fly back to China will give you a better chance of approval. Have as much documentation as possible proving your situation/conditions.

Your home also needs to meet the requirement, you cannot be house sharing, and only 1 family can be quarantined per residential address.

How to reach your Juweihui (居委会)

You can ask your landlord or compound management for contacts of your Juweihui. You can also open a map and search for 居委会 and find the one closest to your compound.

Difficult Districts:

Xuhui and Minhang districts have been known to be difficult to apply for home quarantine as there are many government offices/consulates/embassies here, however this has loosened up and we have seen success cases of approved home quarantine applications as of Mid-May. (Cases were all bringing young children)
